# Skip-A-Payment

I (We) hereby request to skip the regularly scheduled payment on my (our) loan at WCCCU and understand that by skipping the payment this month, this will extend the loan term which was disclosed on the original loan documents; payment will be added to the end of the loan and an additional amount may be due. Interest will continue to accrue during the month you skip your payment.

I (We) also understand that there is a fee of \$25.00 for each loan payment that is SKIPPED. This must be paid at the time of the request and may not be added to the loan.

Skip-A-Pay may only be requested for loans in good standing, only two times per year, and not in consecutive months or first three months of the loan.
